Dear Sirs:

On behalf of The Bellevue Hospital Auxiliary Gala Committee and the entire Bellevue community, thank you so much for supporting our Annual Gala celebration, *The Art of Healing*, on November 1, 2007. Thank you for your contribution of a framed mirror, valued at \$125.00. The money received from the silent auction will help to assist special categories of patients whose needs are not met within the traditional hospital budget. Identifying these patients and matching them with the appropriate services and programs is our main objective, and helps to enhance patient functioning throughout treatment and after discharge. Our programs translate into a more caring and supportive hospital experience, consistent with our motto, "Keeping the Humanity in Healthcare."

Again, thank you for helping to make this year's Gala a success, ensuring that we may continue to help the neediest patients that Bellevue serves.

Sincerely,

Terry Maher Koslow  
Chair  
Gala Committee
